PROFILE SUMMARY

I'm a Software Engineering student and Front-End Developer who believes in learning by building. I turn ideas into responsive, interactive web experiences using HTML, CSS, and JavaScript, while continuously growing through hands-on projects, self-learning, and my CodeAlpha internship. Every project is a step forward in my journey toward becoming a skilled full-stack developer.

EDUCATION

2025-2029

VIRTUAL UNIVERSITY

- Bs Software Engineering

2021-2023

BORCELLE UNIVERSITY

- Pre - Medical
- 92.3%
